Summary

I'm Ahsan UI Alam, a passionate and results-driven **Full Stack Web Application Developer** with hands-on experience in designing and developing dynamic, responsive, and user-friendly web applications. With a strong foundation in both frontend and backend technologies, I specialize in **HTML, CSS, JavaScript, Next.js, Bootstrap, Tailwind, PHP, Laravel, MySQL, SQLite, PostgreSQL**, and modern frameworks. I have successfully contributed to multiple projects from planning to deployment, ensuring performance, scalability, and code quality. I thrive in collaborative environments, continuously learning and adapting to new technologies to build efficient and innovative digital solutions.

Experience

Soft Spark Solutions

Sr. Backend Developer

April 2024 - March 2025

Arjatpara, Khilkhet

✉️ <https://softsparksolution.com>

As a **Senior Backend Developer** at Soft Spark Solutions from April 2024 to March 2025, I led the development and optimization of robust backend systems tailored to client-specific needs. I was primarily responsible for building and maintaining scalable APIs, managing complex databases, and ensuring high performance, security, and reliability of server-side logic. My expertise in **PHP, Laravel, MySQL, and RESTful API design** allowed me to architect efficient solutions, implement advanced features, and integrate third-party services seamlessly. I also mentored junior developers, reviewed code for quality assurance, and collaborated with frontend teams to deliver full-featured web applications.

Skill And Technology Institute (Part Time)

Web Development Trainer

July 2024 - April 2025

Mirpur-1, Dhaka

✉️ skillandtechnologyinstitute.com

I worked as a **Web Development Trainer** at Skill And Technology Institute from July 2024 to April 2025, located in Mirpur-1, Dhaka. My responsibilities included conducting hands-on training sessions on frontend and backend web technologies such as HTML, CSS, JavaScript, PHP, and Laravel. I focused on delivering project-based learning to help students gain practical experience and become job-ready. Additionally, I provided individual mentorship and evaluated students' progress to ensure quality skill development.

Wazih Premium

Full stack Laravel Developer

December, 2024 - June, 2025

Khilgaon, Dhaka, Bangladesh

✉️ <https://wazih.com.bd/>

Sardar IT

Dept. Head (Full Stack Application Development)

sep 1, 2025 - Present

30/A, Road 6, Rupnagar, Mirpur-2, Dhaka, Bangladesh

✉️ <https://sardaritbd.com>

As the **Dept. Head of Full Stack Application Development** at Sardar IT, I lead a dynamic team focused on building scalable, secure, and high-performance web applications. I oversee the full development lifecycle, from requirements analysis and system architecture to deployment and optimization.

My role involves mentoring developers, managing project timelines, ensuring code quality, and delivering client-focused digital solutions. I specialize in modern web technologies, including Laravel, Next.js, REST APIs, and database architecture.

I am passionate about innovation, clean architecture, and building systems that create real business impact. Under my leadership, the department emphasizes performance, security, and long-term scalability in every project we deliver.

Skills

Frontend Web Development

HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, jQuery, React.js, and Next.js.

Backend Development

Expert in Php, Laravel

Database Management

Expert in MySQL, PostgreSQL, SQLite

Tools

Git, GitHub, GitHub Actions, Docker, VPS, Vercel, Netlify, Render

Education

Green University Of Bangladesh

Computer Science & Engineering

Purbachal American City , Rupganj , Narayanganj

3.54

[@ Green University](#)

As a modern, dynamic, and innovative institution for undergraduate and graduate students, GUB lays stress on quality education imparted by a galaxy of highly qualified, dynamic, dedicated, and well-experienced faculty members with global exposure

Rangpur Govt. College

Session 2017-18

Radhaballav , Rangpur sadar , Rangpur

Science

4.83

[@ <https://rgc.gov.bd>](#)

Hereafter, the college was established on 25 July 1963. Appointing Professor Emaz Uddin Principal, and Professor Fulae Hossain Vice-Principal, the college was launched as a night college at Koilash Ranjan High School and as a day college at the Zamindarbari (Kalidham) of Ram Babu

Projects

Play card customizer & personalize card

[@ <https://momentocardgames.com>](#)

As the lead developer of this platform, I designed and built the Play Card Customizer & Personalization system from the ground up. I architected the entire platform, implemented seamless personalization functionality, and ensured high performance across web platforms.

Using modern web technologies, I created a fully responsive, scalable system that allows users to customize cards in real time. From conceptualization to deployment, I handled both frontend(50%) and backend(100%) development, making the platform intuitive, reliable, and engaging.

Modern Healthcare Platform

A platform for users to create, share, and discover blog posts on various topics. It provides a user-friendly interface for writers to publish their content and for readers to engage with articles through comments and shares.

[@ <https://tinyurl.com/poly-health-care>](#)

Developed a modern, responsive, and user-friendly frontend for White Cross Clinic with a dynamic team. Focused on fast performance, interactive UI components, and scalable architecture for future backend integration.

E-commerce Solution

A comprehensive platform designed to facilitate online buying and selling of products and services. It offers features like product listings, shopping cart functionality, secure payment processing, and order management to enhance the online shopping experience.

[@ <https://dalycart.com>](#)

The E-commerce Solution provides a seamless and efficient shopping experience for customers, integrating essential functionalities such as inventory management, customer accounts, and order tracking. It aims to support businesses in establishing an online presence and optimizing their sales processes, making it easier for users to browse, compare, and purchase products online.

E-commerce, Online Shopping, Digital Marketplace, Payment Processing, Inventory Management, Shopping Cart, User Experience, Retail Technology

Portfolio Website

A personal website showcasing professional work, projects, and skills. It serves as a digital resume where individuals can highlight their achievements and share their expertise with potential clients or employers.

[🔗 https://ahsanalam.online](https://ahsanalam.online)

The Portfolio Website is designed to present an individual's work in a visually appealing manner, allowing for easy navigation through different projects, case studies, and testimonials. This platform enhances personal branding and serves as a tool for networking and attracting opportunities in various fields.

Portfolio, Personal Branding, Professional Website, Project Showcase, Digital Resume, Skills Presentation, Creative Work, Freelance Portfolio

Greener Lawn

[🔗 https://sira.sardarit.cloud/](https://sira.sardarit.cloud/)

Developed a modern, responsive website for **A Greener Lawn**, aimed at providing lawn care solutions for homes and professional turf. Focused on creating an engaging user experience, a clean design, and fast performance.

Gulf Coast Music

[🔗 https://gulfcoastmusic.live](https://gulfcoastmusic.live)

Developed a modern and responsive music website for *Gulf Coast Music*. The site offers a clean and engaging user experience with dynamic navigation, optimized performance, and intuitive layouts across devices.

Certifications

SQA

By - Sumia Akter Ria

March 2024

🔗 <https://ostad.app/share/certificate/c14231-ahsan-ul-alam>

I have learned the essential principles and practices of Software Quality Assurance (SQA), which involved understanding various testing methodologies, tools, and techniques to ensure the quality and reliability of software systems. This certification provided hands-on experience and knowledge in identifying, preventing, and solving software defects, ensuring a smooth and efficient development process

Digital Marketing

By - Russel A Kawser

Jun 2024

🔗 <https://ostad.app/share/certificate/c17648-ahsan-ul-alam>

I have acquired knowledge and skills in digital marketing, focusing on key areas such as search engine optimization (SEO), pay-per-click (PPC) advertising, social media marketing, content strategy, and performance analysis. This course helped me understand how to drive traffic, engage audiences, and convert leads using digital platforms.

Fundamentals of Web Development

By - Rabbil Hasan Rupom

🔗 <https://ostad.app/share/certificate/c11259-a-ahsan-ul-alam>

I gained foundational knowledge in web development, covering essential topics such as HTML, CSS, JavaScript, and basic backend development. This course provided hands-on experience in building functional websites, enhancing my understanding of responsive design, web standards, and best practices for front-end and back-end development.

Php Laravel

By - Hasin Haydar & Rabbil Hasan Rupom

🔗 <https://ostad.app/share/certificate/c10398-md.-ahsan-ul-alam>

This course provided in-depth training in PHP and Laravel, covering core concepts such as routing, middleware, controllers, views, and database management using Eloquent ORM. Through hands-on projects, I developed web applications utilizing Laravel's MVC architecture, enhanced security measures, and built efficient, scalable systems.

Volunteering

Green University Blood Club

Executive Member

jun 2022

Purbachal American City , Rupganj ,Narayanganj

🔗 <https://green.edu.bd/community-engagement>

As an Executive Member of the Green University Blood Club, I actively participate in organizing blood donation drives, raising awareness about the importance of blood donation, and collaborating with local hospitals and communities. This role allows me to contribute to public health initiatives, engage with fellow students, and promote a culture of giving back to society.

Green University Computer Club

Member

feb 2022

🔗 <https://green.edu.bd/club/computer-club>

As a member of the Green University Computer Club, I engage in various activities related to technology and programming. This includes participating in workshops, coding competitions, and collaborative projects that foster skill development and knowledge sharing among peers. The club aims to enhance members' understanding of computer science and promote interest in emerging technologies.

Students Community of Baulaganj

Founder & Advisor

Panchagarh

A dedicated **student community organization** focused on supporting local students by providing facilities, resources, and opportunities for growth. The organization works to create a collaborative environment where students can access educational support, networking, and skill-building initiatives.

Languages

English

Fluent in English with strong proficiency in both written and spoken communication. Experienced in technical writing, professional correspondence, and language instruction.

Bangla

Native proficiency in Bangla with strong skills in both written and spoken communication. Experienced in literary analysis, translation, and language instruction.

Hindi/Urdu

Conversational proficiency in Hindi/Urdu, able to engage in discussions and understand various contexts. Familiar with basic vocabulary and grammar structures for effective communication.
